

Cyber Green LLC
electronics recycling

www.cybergreenllc.com

Recycle your old electronics to benefit CASA!

Wed, September 21st 7 am – 2 pm

at Green Bay Insurance Center
417 South Monroe, Green Bay

The more pounds we collect, the more CASA benefits!

ITEMS ACCEPTED FOR RECYCLING AT NO FEE: computers, laptops, printers, keyboards, mice (you know what kind we mean!), LCDs, servers, fax machines, wire and cabling, telephone systems, modems, stereo systems, video equipment, cell phones, copiers (liquid purged), microwaves, dehumidifiers, appliances, and mechanical equipment.

ITEMS ACCEPTED FOR RECYCLING WITH A FEE: CRT monitors, TVs and picture tubes. 29" and less = \$10; 30" and larger = \$20. (Please note: These display devices contain hazardous materials (lead) that incurs a disposal cost. Thank you in advance! In the event of any proceeds from this event, they will be donated to CASA of Brown County to help advocate for children who have been abused or neglected.)

NOTE: All hard drives will be shredded. PLEASE DON'T BRING: Light bulbs, old media or software, bio hazards (blood/fluids), mercury or paint.

Mark your calendar and bring those unwanted electronics for this great "clean sweep" opportunity!
